Chemical Sciences

- Nickel-catalyzed alkene *ipso*-selective reductive hydroamination with nitroarenes
..... *Zhen Li, Jiawang Wang, Xi Lu, et al.* (1)
- Q²Chemistry: A quantum computation platform for quantum chemistry
..... *Yi Fan, Jie Liu, Xiongzhi Zeng, et al.* (2)
- A black phosphorus-graphite hybrid as a Li-ion regulator enabling stable lithium deposition
..... *Huanyu Xie, Chaonan Wang, En Zhou, et al.* (3)
- A deformable spinel-type chloride cathode with high ionic conductivity for all-solid-state Li batteries
..... *Jipeng Hao, Cheng Ma* (4)

Information Science and Intelligence Technology

- Machine learning in data envelopment analysis: A smart mechanism for indicator selection
..... *Jie Wu, Yumeng Wu* (5)
- Preoperative diagnosis of hepatocellular carcinoma patients with bile duct tumor thrombus using deep learning method
..... *Jinming Liu, Jiayi Wu, Anran Liu, et al.* (6)
- Unsupervised person re-identification based on removal of camera bias and dynamic updating of the memory bank
..... *Jun Zhang, Xinmei Tian* (7)
